

A photograph of a person standing on a paved surface, likely asphalt, with a large white arrow painted on the ground pointing directly towards the viewer. The person is wearing blue jeans and brown shoes. A shadow of the person is cast onto the ground to the left. The background consists of a textured, light-colored asphalt surface.

Welcome to Mining Corporation

The OMC Ltd was established in 1956 as a joint sector with the Govt. of India to explore & harness mineral wealth of the State. Subsequently in 1962, it became a wholly State owned Corporation of Govt. of Orissa. OMC's impressive growth over the decades is hinged on its philosophy and commitment towards quality and value addition. The Corporation's turnover has increased manifold over the years through optimum utilization of resources, cost controlling measures, computerized inventory management, energy audit, asset up-gradation and Enterprise Resource Planning. Progressive mechanization and modernization of mining operation with due care for the environment have paid rich dividends.

The skilled manpower and scientific business process have been adding to the Corporation's productivity. Reputed foreign firms and global mining giants have entered into joint ventures with OMC. It has mining leases at 35 locations spread over the State. The Corporate Office is situated at the State Capital, Bhubaneswar & Regional Offices at 6 locations in Orissa – Daitari,

What are our policies in regards to pets in the office? I'm assuming it's a no-go, but thought I would ask here just to make sure that was the case.

My pooch just had surgery and I'd like to be with them if possible.

**Jake Grimes** 2:18 PM

Your assumption is correct. Mostly for allergy concerns, but the building also has a restriction on them.

A person with long hair tied back is seen from behind, running towards a large blue mural on a wall. The mural depicts a large fish with scales and fins, a small red boat, and several smaller fish swimming in the water. The background is a textured blue.
